

Policy for inclusion of access/launch sites on the official online PA Water Trail Map

As of October 31, 2022

For consistency, and for the benefit of water trail users, it is the policy of the Pennsylvania Water Trail Program that the official online Pennsylvania Water Trail Map will include only access points that:

- are owned by local, state, or federal government or a nonprofit organization whose mission encompasses providing public access or that are subject to an easement or long-term lease, license, or permit whose terms provide for public access;
- include permissible parking in close proximity; and
- have at least one access, wayfinding, or safety sign, marker, or symbol.

Exceptions to these requirements may be made as needed, on a case-by-case basis.

Current and future updates to the official online PA Water Trail Map will adhere to this policy.
