

**RIVERFRONT NORTH PARTNERSHIP**

**Resolution of the Board of Directors**

June 3, 2019

**Whereas**, the Directors of Riverfront North Partnership, also known as Delaware River City Corporation, henceforth known as RNP, wish to take all actions necessary to hereby adopt the following resolution.

**Resolution 2019-3:**

**Whereas**, Patrick Starr has served as an Officer and Member of RNP since its inception in August, 2004, as the first Board Secretary of the organization;

**Whereas**, the service of Patrick Starr has been dedicated, productive and conducive to the development of the North Delaware Riverfront Greenway. We are grateful for his leadership during our many formative years of Master Plans, Strategic Plans, Fundraising and Development Plans, and on and on. We appreciate his efforts in helping us with the formation and growth, in engaging community organizations and stakeholders to insure our shared commitment and resolve with our partners.

**Whereas**, we appreciate his work in obtaining our initial grants from the William Penn Foundation, Pennsylvania Department of Conservation & Natural Resources, Delaware Valley Regional Planning Commission and others. We are grateful for his indefatigable determination in the face of complexity in garnering this financial support and assuring that matching funds were in place for utilization.

**Whereas**, we greatly admire his fortitude in assuring that the first segment of the Greenway was built at Pennypack on the Delaware with the Nature preserve extension. We are in his debt for his guidance for over two decades of vision and completion of much of the Greenway, as well as the flourishing of our organization. For this and so much more, we value the time and commitment Patrick has displayed during his tenure.

**Be it Resolved**, therefore, the Riverfront North Partnership, and its staff, express its appreciation for the services he has rendered, and express its wish that the future will bring him productive joy and satisfaction in all matters.

**Certification of Adoption**

The Resolution above was duly adopted by action of the Board of Directors of the Corporation by voice vote on the 3<sup>rd</sup> of June, 2019.
